RESEARCH EXPERIENCE

Research Assistant

2023

Climate and Society Lab, University of British Columbia, BC

Dr. Andrew Jorgenson (PI)

- Contributing to research the societal causes, consequences, and solutions to the climate crisis
- Application of mixed methods on the social factors underlying disproportional emissions

Collaborative Researcher (contractual/freelance)

2020

IRIS – Institut de recherche et d’informations socioéconomiques (*Socioeconomic Research and Information Institute*), Montreal, QC

- Conducting research projects for policy papers on key ecological and socioeconomic issues in the province of Quebec
- Creation of media communications regarding the climate crisis (blog articles, newspaper articles, radio interviews)
- Participation in an interdisciplinary committee on the just transition towards a low-carbon economy
- Analysis of governmental budget plans

Research Professional (contractual, part time)

2021-2024

Université de Moncton, Moncton, NB

Dr. Jean-Philippe Sapinski (PI)

- Assisting research and data collection for the project “Decarbonization, ecological transition and carbon lock-in: discourses and social organizing of just transition movements and the anti-transition elite in Eastern Canada”
- Policy network / social network analysis in the context of the climate crisis and just transition
- Leading and managing two research assistants during the data collection of the social network analysis of cleantech and anti-transition organizations in Quebec

Research Officer

2021-2023

Canadian Heritage, Government of Canada, Gatineau, QC

- Conducting multilevel evaluations of governmental programs (measuring relevance, efficacy, and efficiency)
- Developing research design, implementing qualitative & quantitative research methods
- Handling of government databases

GUEST LECTURES & INTERVIEWS

- “Imaginer et créer la transition énergétique: enjeux sociaux de la décarbonation au Québec”, graduate class guest lecture, Université de Montréal, June 13 2024.
- “Political economy of the energy transition: hegemonic projects & the green de-risking state”, undergraduate class guest lecture, University of British Columbia, March 26, 2024.
- “Into the ‘Anthropocene’? Inequality within conceptualizing the climate crisis and decarbonization projects”, undergraduate class guest lecture, University of British Columbia, November 20, 2023.
- “Imaginer et créer la transition”, graduate class guest lecture, Université de Montréal, June 13, 2023.
- “Café climatique avec Nicolas Viens : vers un nouvel indicateur de richesse?”, *Radio-Canada*, November 3, 2022. [Link](#).

PROFESSIONAL EXPERIENCE

Teaching Assistant

2023

University of British Columbia

- Grading, group activity planning, class material preparation, lecturing
- Engage one-on-one with students for assessment and mentoring
- Courses: SOCI361: Social Inequality; SOCI352: Work and Inequality; SOCI250: Crime and Society

Teaching Assistant

2017-2018

Bishop's University, Sherbrooke, QC

- Marked exam questions, proctoring exams
- Managed a database of over 150 students

Upper-Level Management Intern (Co-op)

Summer 2017

CIUSSS de l'Estrie – CHUS (Integrated University Center of Health and Social Services), Sherbrooke, QC

- Worked in the Quality and Performance Department (DQEPE), regarding the *Access to Services in English* program, at the CIUSSS de l'Estrie - CHUS, healthcare organization of over 17,000 employees
- Reviewed program's overall quality, created an action plan to improve its services across the CIUSSS' wide territory
- Initiated and managed the network with healthcare systems from English-speaking provinces, federal health organizations and local associations to exchange knowledge and better adapt services to own local population
- Closely interacted with the organization's upper-level management and directors to improve health services

Military Service – Infantry Reservist

2012-2015

Canadian Armed Forces – Sherbrooke's Fusiliers Regiment, Sherbrooke, QC

- Developed strong mental skills, values and traits such as leadership, conscientiousness and stress management
- Awarded the Regiment Command Officer's *Commendation for Outstanding Performance* after one year of service

PERSONAL SKILLS

- High critical thinking & analytical skills
- Strong writing skills (academic papers, policy briefs, op-eds, blogs, and more)
- Research interests: post-growth development, climate policy, just transition
- Proficient in R, Nvivo, and UCINET/NetDraw software
- Fully bilingual: French/English
- High discipline and conscientiousness
- Autonomous & self-driven
- Team player
- Proactive & initiative taker
